## EXPERIENCE

**Operations Manager**                                                                              **2019-2020**
**Discovery Clinical Trials**                                                                    **San Antonio, TX**
Oversaw the enrollment management team.
Key Accomplishments:
- Set up a structure for the team as far as reports, patient pre-screen appointment reminders, and monthly meeting data analysis.

- Collaborated with the Director of Operations on strategies to incentivise the enrollment team as well as work on  new study advertisements for potential participants.
- As a team we achieved the highest number of pre-screened patients for the month of June 2020 for our Endometriosis women's study.

**Clinical Documentation Team Lead**                                                              **2017-2019**
**KCI a Division of Acelity (Now known as 3M)**                                        **San Antonio, TX**
Assisted our team's supervisor is reviewing data and providing feedback.
Key Accomplishments:
- Monitored day to day excel reports to oversee our teams progress, track and address any ongoing trends.
- Monitored regions and priority accounts to  assign or assist regions strategically.
- Collaborated and assisted my supervisor with emails regarding our team for quick turnover regarding patients in order to maintain continuity of patient wound care.
